## DOWNLOAD STATA INSTALLATION

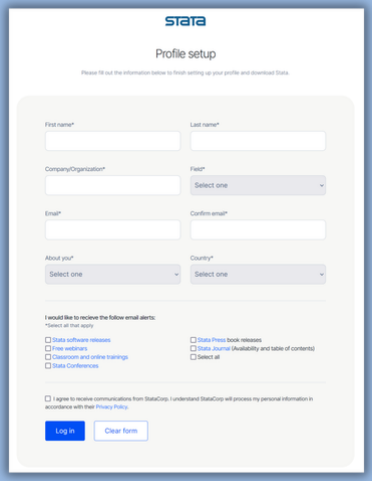

1. Open the **Stata download page**.

The following screen appears. Enter your username, password, and serial number in the input fields. You received this information in your email from StataCorp.

## Download installation

2. Enter your information on the next screen.

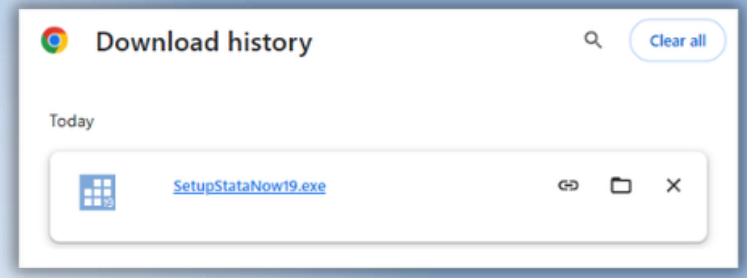

3. On the next screen, select your operating system.

4. Click **SetupStata19.exe** or **SetupStataNow19.exe** to download the installation program. The download page automatically displays the installation program that corresponds to your license.

5. Double-click the installation program you just downloaded to start the installation. If you are asked whether you want to run the file, click **Yes**.

6. Windows User Account Control asks whether you want to allow the following program to make changes to this computer. Click **Yes**.
